** Active Microcredentials count include those executed in SHEx and Pilot program participants

Summary

- For year-to-date (YTD) 2024, the total tests taken is +37% (+1324), first attempt tests taken is +37% (+1103), and total certifications awarded is +55.1% (+1148) above YTD 2023, respectively.
- For March 2024, the total tests taken is +43.4% (+663), first attempt tests is +45.9% (+578), and total certifications awarded is +72.2% (+629) beyond March 2023, respectively.
- Cumulative average recertification rate YTD 2024 is 77.5%.

Definition of Terms:
Total tests taken – includes all exams administered, both first attempts and repeats, regardless of pass or fail results
First attempt tests taken – includes only first attempts (not repeat attempts) regardless of pass or fail result; publicly reported pass rates are based exclusively on first attempts
Total certifications awarded – any exam attempt that yields a passing score, resulting in the candidate being awarded the certification, regardless of whether it was the candidate's first attempt or a repeat attempt
